My son and I have been pleased to a part of the Mission Viejo community since 2013. I firmly believe that it is important to give back to your community, however you can. This summer I volunteered to be an interim board member to fill an unexpected vacancy and would be honored to continue serving on the Mission Viejo HOA Board.

My professional background includes business administration, building management, event planning, business ownership, and sales. I have served on the PTCO board at my son's elementary school for two years as treasurer and then as President. I have volunteered in a variety of capacities with charities such as Work Play Love (fundraising, team lead, and event planning), Relay for Life (team captain), CureSearch (philanthropic fundraisers), and American Heart Association (philanthropic golf tournaments).

I would like to continue serving on the Mission Viejo HOA Board and to be a part of helping our diverse community be a welcoming and thriving place to call home.

Barbara Ferris

I have lived in Mission Viejo for 37 years. Our kids went to Mission Viejo Elementary.

Over their time in school I volunteered in the classroom, was a Girl Scout troop leader.

Now that I have retired from medical practice I feel I have time to take a more active role in our community.

I have attended HOA meetings over the years and have volunteered on various community activities.

I believe that an active board can help Mission be the attractive vital community that it deserves to be.

In January, I had the privilege to serve in an appointed position on the Mission Viejo HOA Board of Directors. This summer I was asked to serve as Treasurer and have been doing so since then. My wife Joann and I have lived in Mission Viejo since 1993. We are both retired. We are both concerned that changes we are seeing in Mission Viejo (covenant violations, unkempt yards, and inoperable vehicles on streets and in driveways) are making the neighborhood a less desirable location. I believe that the Board has an obligation to at least publicize the need for voluntary participation of covenants and should be contacting homeowners whose residences don't appear to meet these standards. The current HOA has been very successful with cleanup programs, providing incentives for social activities, the trash program and publishing a very good monthly newsletter. However, I believe the HOA can be more assertive in informing residents when their homes don't comply with the covenants to which we all agreed when purchasing our homes in Mission Viejo. I would like an opportunity to continuing to serve on the Board in 2018.n Viejo
