

My name is Tia Davis-Burns, my husband Jason and I have 2 daughters ages 12 & 8 1/2. We bought our home in the neighborhood in January and moved in February. He sells hardwood floors and I work full time in the administrative side of dental. My passion is my part time job teaching life skills to high school students and young adults in various communities. My interests lie in education, empowerment and personal development. I tend to "collect" tweens and teens so they are my favorite people. For fun, I hang out with my children doing pretty much whatever they want to do. Recently, I started furniture rehabbing projects since I now have the space to do them. Getting the house together is going to be our main focus for a while...until it's done or we go crazy, whichever comes first.

Reasons for joining the HOA Board-

- 1) I like to be involved & be in the know
- 2) We live here, and plan on staying for awhile so we need to know our neighbors
- 3) I have ideas of how we can be an engaging and fun neighborhood and create the COMMUNITY that I want for my family
- 4) The more neighbors that get involved and make positive improvements to our community h their homes the more desirable our neighborhoods and community become (increased property values don't hurt)

Serving as needed is fine for now but I'd like to take on more of a Community Engagement role as my time with the board progresses.

I am Richard Yeager. I have a wife, Ona, and three growing children ages 15, 8, and 5. We have been residents of Mission Viejo for over 5 years now. My wife is a schoolteacher in the Cherry Creek School District and I am a financial advisor for New York Life. I have also started a non-profit business that collaborates with schools around the metro area to help bring sustainable restorative justice practices into schools.

My personal interests include youth leadership, equity in education, and building stronger communities. I am always exploring to find the “why” behind things. I love a good laugh, great burger, and consider myself a self-made cigar connoisseur.

After 5+ years of living in Mission Viejo, I knew it was my time to get involved in our community and place action behind my words. I want to foster a stronger community feel and get others involved in this journey with me.

My name is Elaine Lay. My husband, Shelby, and I and 3 children moved to Mission Viejo from Iowa in 1984. It was not until I retired in 2007 that I became involved with the HOA. My husband said that the neighborhood was going downhill and since I wanted to continue to live in Mission Viejo, I decided the best thing for me to do was to improve our neighborhood and make it a better community in which to live. So after attending several meetings, I decided to run for the HOA board. I was elected and was a member of the board for from 2008 to 2011. During that time I organized the newsletter carriers group, helped save the library, organized the door to door campaign to have Pro Disposal as our neighborhood trash service and organized several neighborhood cleanups and those cleanups were responsible for beginning the removal of dead junipers along Chambers Road. From 2011 until 2016 I continued being involved in the HOA, but not as a board member. In 2017 I was again elected to serve on the board and continue to do so. I am up for reelection this year and , if elected, I plan to continue to serve the neighborhood by enlarging the number of participants in the trash service, writing articles for the newsletter, and continuing helping with the beautification grants and neighborhood cleanups to make our neighborhood the best it can be. You might know me best as the person who picks up trash using the Adopt-a-Street bags.

My name is Brenda Tompkins and I've been a resident of Mission Viejo for 38 years.

I am running for re-election for a two-year term for the Mission Viejo Homeowner's Association Board of Directors.

During the past two years, while serving on the Board, I have been secretary and am currently serving as Co-Vice President. I have volunteered to help with the Dumpster Days, beautification grant implementation (i.e. moving rock!), volunteer picnic, and hayrides. I just had my first month delivering newsletters (after picking them up at the printers).

I would like to continue to be actively involved in our community, in cooperation with the city of Aurora, to assure covenants, which are “for the purpose of enhancing and protecting the value, desirability, and attractiveness of the property”, make this a great community with great neighbors to live in. There are so many benefits to living in Mission Viejo!!
